The California Department of Transportation (Caltrans) announces that traffic along State Route (SR) 99 will be diverted off of State Route 99 in Madera County as part of the Avenue 12 Interchange Improvement Project currently in construction. Lane closures will take place one hour prior and subsequent to the full closure for traffic control staging and set-up of various demolition equipment. No simultaneous closures will occur at one time; also, as a precautionary measure, the #1 (fast) lane in each direction of travel will be closed to traffic during alternating full freeway closure operations.

During this next phase of the project, each direction of SR99 will be closed during various evenings to allow the contractor to implement bridge removal operations. Motorists can expect full freeway closure detours to begin Sunday, January 11<sup>th</sup> at 11:00 p.m. until the following morning at 5:00 a.m.

Motorists will experience delays in this area during this time and are encouraged to use an alternate route whenever possible and to follow detour signage. Please stay alert and watch for highway workers and equipment at all times.
